Work on Mr. J. L. Richmond's new residence is progressing nicely and the building will soon be ready for occupancy.

We have heard it said that other parties on Congress street are contemplating the early use of the paint brush.

The house that is being built in the rear of the bank will soon be ready for occupancy. Mr. Frank Elder is to occupy it.

Mr. J. E. Bruce has gone over to Batesburg for several weeks to assist in the sale of stables of M. W. Doty & Co. at that point.

Some beggars are easily put off, but few were able to get around the blind man and the two little girls with him on their visit Wednesday.

Mr. Thos. B. Cathcart, who has been with the Caldwell Dry Goods Co. for several years, is now clerking for his brother, Mr. A. B. Cathcart.

THE NEWS AND HERALD office is prepared to do all your job printing on the very best material at reasonable rates. All orders will be promptly attended to.

Mr. J. M. Elliott has succeeded Mr. S. B. Crawford as deputy sheriff and now occupies the jail. Mr. Elliott formerly served in the same position for several years.

Don't congratulate yourself too soon on not having been summoned on some trivial case before the magistrate. It is said there will be a case every day this week.

D. V. Walker & Co. call your attention to their new ad, which is a greeting of the season. This they would have extended earlier, but they were simply too busy.

Quite a number of new names have been added to our subscription list. This is an evidence of appreciation of our effort to give two papers a week that we heartily appreciate.

Mr. S. B. Crawford has moved from the jail into the house formerly occupied by Mr. D. E. McDowell. Mr. McDowell has moved into the McDonald house on Sion street.

Walker & Crawford have a fine lot of thirty young mules at the Refo stables. These mules have all been worked and are being offered at most reasonable prices on easy terms. They invite you to call and see them.

Wednesday morning Mrs. H. N. Ober received a telegram notifying her of the sudden death of her brother-in-law, Mr. J. M. Brawley, of Chester. She and Mr. J. J. Ober went up on the morning train to attend the funeral.

A notice is being circulated for the removal of a beer dispensary from town. One of the beer dispensary would remove the selling of beer from the dispensary to the restaurant of Mr. Samuel Simpson, who is petitioning for the privilege.

Hon. Geo. Von Kolnitz, of Charleston, will be at the meeting of the Knights of Pythias this evening. He was not able to be at the former meeting on account of the sickness of some of the members of his family. The meeting will be held at 7 o'clock.

Mr. W. L. Rosborough, county superintendent of education, has been spending this week in his office getting thoroughly acquainted with his new labors. Next week he hopes to visit the schools of the county, except on office days, which will be announced later.

Sam Craig, charged by a coroner's jury after a short investigation of about three or four days, with so innocent a crime as shooting down his fellow man for such a trivial thing as the little money he was thought to have given by the high sheriff of Fairfield the exalted privilege of walking the streets of Winstboro.

Tennant & Co. have opened their restaurant in the old Habenchick building. They fed a very large number on Monday, and attribute their large patronage to a very short notice that appeared in last Friday's paper. Otherwise, the public would not have known of their being in a position to supply their needs. There is a moral to this.

In this issue is presented a large part of the Governor's annual message and a good many notes about the doings of our legislators. This reminds us to say that now is a good time for those who are not subscribers to THE NEWS AND HERALD to send in their subscriptions so that they can keep up with the Legislature and also have the latest State, county and town news. There are two issues a week, all home print, for the small sum of \$1.50.

LEST.—A pair of rimless, gold eye-glasses with chain and hair pin attached. A suitable reward will be given if lost at Mrs. Habenchicks.

Pain preparations often fail to give relief because they can do nothing for the inflammation. There is a preparation that dissolves all classes of food, and that is Kodol Dyspepsia Cure. It cures the worst cases of indigestion and gives instant relief, for it digests what you eat. McMaster

**PRELIMINARY HELD.**

In addition to the three men who were mentioned in the coroner's inquest as having a part in the Rosborough murder, four others were arrested and committed to jail. A preliminary was given these by Magistrate Cathcart Wednesday evening. As a result Jack McMillan and Queen Mack were released, there not being sufficient evidence against them. Andy Brice and Martha Pickett will continue their lodging in the jail till the next session of court.

The semi-annual dividend of 10 cent was paid. Mr. T. W. Lauderdale resigned the presidency of the mill, and most appreciative resolutions of thanks were voted him for his excellent management of the interests entrusted to him. His successor is Mr. T. K. Elliott, who is succeeded as vice-president by Mr. T. H. Ketchin. It is needless to add that under the new management, the success of the old will be continued.

Cures Headache, Constipation. Only 25c at McMaster Co.'s drug store.

**COMMITTED SUICIDE.**  
For several months there has been in the Albion section a white man going around in the double capacity of a root doctor and fortune-teller. By means of this up-to-date combination of profession and prophecy, he was enabled to make enough funds to secure lodgings, principally among negroes, and to keep himself supplied with the drugs that the force of habit made it necessary for him to have. On January 3rd, however, he took a greater quantity than his system could stand, and as a result he soon died. The coroner's inquest came to the verdict that the deceased came to his death at his own hands, and the post mortem corroborated the testimony given at the inquest. The man gave his name as W. T. Ivy, and said that he was originally from Lancaster or just across the State line. He was about forty years old.

**A Prominent Chicago Woman Speaks.**  
Prof. Roxa Tyler, of Chicago, Vice-President Illinois Woman's Alliance, in speaking of Chamberlain's Cough Remedy, says: "I suffered with a severe cold this winter which threatened to run into pneumonia. I tried different remedies but I seemed to grow worse and the medicine upset my stomach. A friend advised me to try Chamberlain's Cough Remedy and I found it was pleasant to take and it relieved me at once. I am now entirely recovered, saved a doctor's bill, time and suffering, and I will never be without this splendid medicine again." For sale by McMaster Co., druggists.

A PUBLIC READING ROOM

For some time efforts have been on foot for opening up a public reading room. A quiet and successful canvass has been made. Only a few parties have been seen, but the encouragement has been sufficient to warrant those in charge in starting the enterprise. At least one hundred and fifty dollars will be needed for conducting it during the year, and of this amount \$70 has already been subscribed by the small number of nine. The whole amount would be most easily raised at once if others would come forward and contribute as freely to its support. A number have already promised their aid with smaller amounts. There are still quite a number, however, who are able to contribute nice amounts and who no doubt will as soon as they are approached.

A room has been rented on the second floor of the Beaty building and will soon be nicely fixed up. It is a splendid room for such a purpose, having a plenty of light and ventilation. Nice chairs were ordered for it several weeks ago, and it is on account of the delay that has occurred in their arrival that the room is not yet ready to be opened. Just as soon as they arrive—and they are expected daily—the room will be opened to the public.

The magazines are already arriving and the amount of literature on hand is sufficient to begin with. The following magazines are already in—Century, Scribners, Puck, Atlantic Monthly, Cosmopolitan, Scientific American, Literary Digest, St. Nicholas, Youths Companion, Saturday Evening Post, Education, Little Chronicle, Ladies Home Journal, and Review of Reviews. In addition to these will be all the magazines brought over from the temporary reading room of last summer. Then, too, several other magazines are yet to come in: Munsey's, McClure's, Frank Leslie's, Popular Science Monthly and some others not yet determined upon.

The rules and regulations governing the room will be about the same as those of last summer. The room will be open to all an hour or so every day—the hours will be announced later—so that anyone may come in and spend their hour leisurely reading.

The privilege of taking magazines out without cost will also be granted on certain regulations. This privilege will be granted to all who will comply with the conditions agreed upon. A librarian will always be on hand at the appointed hours to attend to the visitors and to extend to them the courtesies and privileges of the room.

In addition to keeping the room open during the day, it will also be open at least two nights of each week so that those who do not find time by day may make use of it at night.

In addition to the magazines a few of the latest and most popular books will always be kept on hand. A list of about a dozen is now being made up, and these will be ordered at once. The conditions regulating the getting out of these books will be very limited and simple. They will be loaned to any and to all at the rate of three cents a day or ten cents a week.

The privileges and opportunities that will be offered by the opening of the room will be such as will make it possible for Winstboro to keep in close touch with the very best literary work of the day.

Other features will be added from time to time.

Fuller and more definite announcements will be made later.

Mr. W. S. Till, who has for several years been the efficient manager of T. W. Woodward & Co.'s mercantile business at Rockton, has resigned his position to take effect about February, the 1st. He has not yet fully decided what place he will locate at, but Winstboro would be glad to have him. He will be succeeded by Mr. Stroman, who has been associated in the business for some time.

**Beat Out of an Increase of His Pension.**  
A Mexican war veteran and prominent editor writes: "Seeing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy, I am reminded that as a soldier in Mexico in '47 and '48, I contracted Mexican diarrhoea and this remedy has kept me from getting an increase in my pension for on every renewal of a dose of it restores me." It is unequalled as a quick cure for diarrhoea and is pleasant and safe to take. For sale by McMaster Co., druggists.

Mr. J. E. Norment, the efficient and ever-welcome traveling representative of the News and Courier, spent Wednesday in town. It has been quite a while since Mr. Norment was here and he expressed himself as greatly surprised at and highly pleased with the changes made in the last year or so.

A MASS MEETING.

Great Indignation of Colored Citizens Against Sam Craig's Being a Trusty.—The Solicitor to Be Petitioned To.

A mass meeting of the colored citizens of Winstboro was held at St. Paul's Baptist Church January 8th. The object of the meeting was to discuss the following questions:

- 1st. Law and order.
- 2nd. Suppression of crime among our race.
- 3rd. Our duty in the murder case before the public.
- 4th. The honor of marriage among us as a race.
- 5th. Protestation against our little boys being on the streets after 10 o'clock at night.
- 6th. To commend consideration of the white people towards us in ferretting out crime.

The above meeting was called at the instance of Thomas Evans, president of the Republican club. The most important action taken was in the matter of the murder of William Rosborough. In fact, this was the principal object for which the meeting was called.

It is now a trusty at the jail.
